

Guidance for funding National Programmes beyond 2010

How to Allocate new Funding?

- Context :
 - Framework document
 - • An expressed willingness for Quick Start action
 - • Emission reduction potential
 - • Degree of REDD readiness
 - • Existing collaboration between the country and the UN partners in related areas that will help ensure rapid progress.
 - New Strategy
- Increasing requests to join the Programme
- Expecting new funds

Seeking guidance on how to allocate funding

- What should be the basic and smart considerations for allocation of funding? e.g.
 - First come first served?
 - Regional Equity?
 - Quality assurance by PB
